For Mail Orders we use Express Post Bags at cost price.

Currently these are:

For larger orders we would use registered post boxes sent by regular mail. Cost is weight dependent.

All loose sweets are packed in to cellophane bags and tied with ribbon to keep fresh and airtight. Orders are packed snugly with bubble wrap to assist in safe arrival.

The confectionery industry is notoriously unreliable when it comes to providing a consistent supply. Some lines are worse than others. Because a lot of sweets are only made on small production runs, we can have a temporary out of stock situation that is beyond our control.

Our hand made range is made to order for us, and the supply is usually reliable.

However, with hand made sweets such as these, there are often colour and flavour variations due to the nature of the process, and the temperament of the makers!!!

We can guarantee the quality of the product, but not a consistent appearance or exact flavour intensity. For example, sometimes musk rock is very pale pink and sometimes really bright.

The imported range of English Sweets can often be very hard for us to get due to importer and shipping delays, although it usually only affects one or two lines at a time.

Over our 24 years of operation we have seen the disappearance of hundreds of wonderful lollies and treats due to company takeovers, rationalisation, globalisation and the shut down of small, specialist manufacturers. But we are always on the hunt for replacements and new lines. Best NEWS is that Choo Choo Bars and Slate Pencils are BACK!!! The Stock List is by no means the entire range of what we have or what we can get. Please ask if there is something you want that is not listed, and we will tell you if we can supply it.

**Whether you are indulging yourself or family and friends, we will do our best to find just the sweet treat you need. Enjoy your visit to our site!!**
